- x challenging the judges motion/order to correct his signature and The plaintiff's Request to activate the Kings bench Art III court after the Judge is completely aware that he is under double oath to uphold the Constitution. Thus any motions or orders filed that have not been addressed will be at this time (Note: No offense Judge, I'm just playing the game, in search of the treasure.)
- Citation of Authority:

Motion for temporary Injunction Request

The Plaintiff in retaliation by sheriff Richard Wiles for placing him on the suit, has been placed in the psychotic ward asylum side of the Jail in between 2 Lunatics who are certified insane. All access to the law library has been denied and all records concerning this case including the suit itself has been destroyed. I have no way of getting copies of the motions orders or nothing at this time, which leaves me no way to properly file a motion or represent myself at this TIME, seeing as how the Judge sees that its over 25 defendants on many complex issues requiring expert testimony from doctors, lawyers and investigators. Decided to not allow me to be given an attorney at this time. An injunction is needed to protect the plaintiff's rights at this time to a fair trial an equal protection of rights, an access to courts all under the 14th amend. of the U.S. Constitution

Issues to be noted: Plaintiff is denied all access to the law library

2. Plaintiff is denied all access to medical care

3. Plaintiff is denied all access to his proper Jewish kosher meals.

4. Plaintiff legal material all documentation concerning this case, an Jackson Tenn. case Criminal Court of appeals has been confiscated and destroyed by Sheriff Richard Wiles and has been locked in an asylum for psychotic people without due process

5. of law or Just Cause in order to torcher plaintiff

5. They the Sheriff's and App. have had/paid a Judge Humberto Acosta, a Jail Magistrate to appoint a public Pretender Patrick G. Gabaldon in a ex-parte proceeding on 2-9-2024 in which I was not present nor did I consent to this in violation of there Oaths of office entering a clear conspiracy to violate my 5th, 6th, 8th an 14th const. Rights as well as 4th

(Note though this is irrelevant to the Injunction request it is necessary for the Judge to be aware of what illegal actions your partys are taking to silence Me and hinder the proper administration of Justice for this case.

6. I have no way to make copies of any motions papers or anything for this matter or no materials or legal aids to properly represent myself or cannot investigate or properly prepare for this case.

U.S. District Court
Middle District of TNArgument on Memorized citations of authority
also Request a hearing in court to present the facts openly.

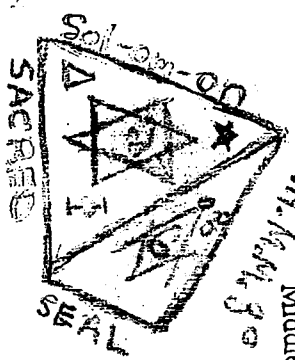

- Thus the plaintiff is seeking a preliminary injunction. Due to the total abridging of plaintiff's rights By Defendant Sheriff Richard wiles destroying all records, deny total access to courts and materials, an unlawfully holding plaintiff in a psych ward under false pretences, including hiding motions on court orders going all the way back to Oct 2023, plus stopping plaintiffs earlier attempts to address the Courts previously. (They've has went to the extent of locking me in cells for a week) (straight an refusing me indigent kit in order to prevent me being able to mail or right (Any thing) The plaintiff has established the burden of demonstrating the possibility not only but the plainly clear inevitable fact of ongoing an continuence irreparable injury, in addition to Being denied a fair chance at success on the merits Berda, 884 F.2d at 314.
- Thus I also request a hearing in open court to be present by court order for U.S. Marshals To TRANSPORT ME TO THE hearing from E.P.S.O. on the motions for preliminary injunction in order to present facts demonstrating a interference with ~~my~~ due process, statutory privilege to be represented by effective counsel and or be a self represented effective counsel Due to intentional Constitutional Deprivations resulting in irreparable harm.
- thus my propriety of a request for preliminary injunctive relief hinges on the significant threat of irreparable injury that is imminent in nature (Caribbean Marine Serv. Co v Baldridge, 844 F.2d 668 674 (9th Cir. 1988))
- * I am very likely to succeed on the merits of my entire case due to the substantial fact that everything I've stated in the claims can be proven by VIDEO Footage an state records. No Jury will rule that my rights were not violated an that Core Civic has not had numerous incidents such as mine before. They have been sued numerous times for things like this causing Doj an even the President of the U.S. to take notice.
- * In fact Cody Spencer an attorneys have admitted on record that Cody has violated my constitutional Rights of Due process, had my records not been destroyed an me being denied access to courts I'd attach it to this Motion however the courts have the records to review, when Cody Spencer argued against additional claims against him an admitted he violated my constitutional rights.
- * Thus I have established the 2 prongs essential to the granting of my preliminary injunction; One I am more than likely to succeed on the merits of the case out of the defendants on mouth on Record. An 2 I am definitely likely to suffer from ongoing irreparable harm in the absence of Preliminary Relief. Thus, the balance of equities tips in my favor, an that the pre-Injunction Is in the public interest" Winter, 555 U.S at 220
- * Judge Barbara The very sole purpose of a preliminary injunction is to preserve the status quo ante litem pending a determination of the action on the merits (Sierra Forest Legacy V Rep 577 F.3d 1015, 1023 (9th Cir 2009)) Thus even if you might feel or Judge the Injunction unnecessary I have offered the the temporary restraining order instead or as an alternative which as uno preserves the status quo before a preliminary injunction hearing may be held which; its Provisional remedial nature is designed only to prevent irreparable loss of rights prior to Judgment (Granny Goose Foods, Inc. v. Brotherhood of Teamsters & Auto Truck Drivers, 415 U.S 823
- * In closing to go further than what Cody Spencer request an come up with your own alternative of repercussions of a dismissal with prejudice an quote case law in support Is clearly you acting outside your compacity as a Judge an practising law from the bench, clearly implying bias or incompetence threatening your double oath of office an clearly implying a denial of my right to a 7th amendmnet Art III common law Jury trial on plain discrimination in violation of my 7th amendmnet Right. Not to mention Lowkey subterfuge Retaliation for putting the Gov of Tenn on the suit which you intentionally failed to mention in the facts of the case along with the rest of the party's, My 6th amended complaint was not denied an all were served by the U.S. marshals how did you forget to mention that in your facts of the matter I simply have been party in your case. In your chance to respond, the only one talking is the one who admitted his Guilt already.
